Please help your child's catechist by telling us if there are any physical conditions or learning limitations that we should be aware of:

Please read and complete BOTH SIDES of this form!

If there is any other family information which you consider important for us to be aware of, or which could help us to minister more sensitively to your child(ren) i.e. if young children are not yet toilet trained, custodial/residency situations, which parent/s should receive mailings and information, single parent situations, family history of drug/alcohol abuse, mental health issues, etc., please inform us directly. We will respect each situation and will keep all information confidential unless we are given permission to share it with specific individuals, i.e. the catechist, pastor.

We understand that the effectiveness of our child(ren)'s participation in the Christian Formation programs depends on our active involvement in their development and in the life of the parish community. We commit ourselves to setting an example for them by:

- ✠ attending Sunday Mass;
- ✠ actively sharing our gifts of time, talent, and treasure with the parish, reporting a minimum of ten service hours per year;
- ✠ participating in monthly parent meetings/Family Time events;
- ✠ getting our children to the classes/retreats/activities, and monitoring their homework assignments and their progress in class;
- ✠ abiding by the policies set forth in the Christian Formation Family handbook;

We realize that this commitment is fundamental to the faith development of our child(ren).
